

GMF'S TEHMI GRANT INSTITUTE OF NURSING EDUCATION

ETHICS COMMITTEE

"The most important human endeavor is the striving for morality in our actions. Our inner balance and even our very existence depend on it. Only morality in our actions can give beauty and dignity to life."

- Albert Einstein

An independent body constituted of medical, non-medical, scientific and non scientific members whose responsibility is to ensure the protection of the rights, safety and well- being of human subjects involved in the trial by reviewing, approving and providing continuing review of trial protocol and amendments.

FUNCTIONS OF ETHICS COMMITTEE:

1. To provide competent review of all ethical aspects of the project and undertake review free from bias and influence
2. Provide advice to all researchers on all aspect of safety and welfare of the participants of the research
3. To protect dignity, rights and well-being of all the potential research participants
4. To ensure universal ethical values and international research standards in terms of local community values and customs
5. To assist in the development and education of research community, responsive to local health care requirements
